Fricker Chosen As Gc School Board Head

Defeats Worthen In
4-3 Vote; Stidham To
Continue As Secretary

Ralph Fricker was elected as the 1963-64 president of the Granite City school board and George Stidham was re-elected as secretary during the annual reorganization meeting Tuesday night.

Fricker, chosen by a 4-3 vote, succeeds Robert Spengler, president for the past two years, who had announced a year ago that he would not be a candidate for a third term as president.

Fricker's candidacy was supported by himself, Stidham, Daniel Linder and Ralph Buske. Three votes for the presidency went to Monroe Worthen; they were cast by Worthen, Spengler and Ronald Dillard.

Stidham was the only candidate for board secretary. His election was by a 6-0 vote, with Worthen abstaining.

Canvass Conducted
Worthen and Dillard were seated for three-year terms after the board canvassed results of the April 13 election. Worthen, who is beginning his second three-year term, is serving as non-salaried treasurer of the school district for the 1962-63 fiscal year ending June 30.

As it turned out, Worthen might have been named president by a binding 3-2 vote if the meeting had proceeded at a faster pace.

Pending business of the previous board was transacted first by Spengler, Worthen, Linder, Fricker and Homer Fisher. The canvass then was completed, with Dillard seated in place of Fisher, who had not sought re-election. At this point, Stidham and Buske arrived and participated in the reorganization.

The canvass showed no change in official returns—2155 votes for Dillard, 2110 for Worthen, 746 for Glen R. Hollis and 182 for Virgil N. Kambarian. The 2988 ballots counted included 28 absentee votes, and there were 28 spoiled ballots.

Retiring Member Praised
Spengler congratulated Fisher on the accomplishments of the board during his six years of service.

A former board president for three years, Fisher headed the board when Dr. Donald M. Keiser was selected to fill the vacant superintendent position in the fall of 1958.

Supt. Kaiser expressed his appreciation Tuesday night for Fisher's efforts in securing school facilities and educational programs. Including his service on the former National American school board, it was estimated that Fisher has participated in more than 300 board meetings.

Youngest Board In U.S.
It was noted that the newly-elected board may be the youngest anywhere in the United States in a school district having 12,000 or more pupils.

Average age of the seven board members is 36, Spengler said.

Village To 'Pass Hat' At 1st Meeting

Long Lake volunteer firemen agreed to waive a \$15 hall rental fee for the first official meeting of the new village of Pontoon Beach board of trustees, set for 7:30 p.m. next Thursday, April 25.

However, donations will be accepted, and the board hopes the meeting place will be outside the jurisdiction of the village. Fund-raising projects are to be planned to meet first year expenses.

The board met last week at the Nankook town hall but could take no legal action because the meeting place was outside the jurisdiction of the village. Fund-raising projects are to be planned to meet first year expenses.

Financing Is Key To Hillside Drainage Project

Local capital totaling about \$1 million, of which approximately \$600,000 could be raised through the help of state agencies, will be required for the completion of the Hillside Drainage project, Thomas Hennessy, chairman of the East Side Levee and Sanitary District's engineering committee.

Public gathering last night at levee board headquarters in East St. Louis.

The specially-attended meeting, called by the levee board to report progress made on the proposed \$10 million plan drawn up by the U. S. District Corps of Engineers, revealed few details of the plan which had not been brought out at a similar gathering last fall.

Financing of the public share of the project costs is still indefinite, Hennessy, who acted as chairman, stated.

Proposed Cost Breakdown
The levee district, which has agreed to act as sponsoring agency in an attempt to raise the federal portion of the cost, did submit a breakdown of costs by counties under its proposed plan.

Madison county's share of the expense would total about \$5.2 million, but only \$10,000 of that would be in the form of local government funds. About \$3.1 million would come from the federal district through the sale of obligation bonds, and the remainder, \$2.1 million, from the state of Illinois.

St. Clair county's share, under the levee district's cost breakdown, would amount to slightly more than \$4 million, of which \$150,000 would be raised within the county and \$3.85 million by the levee district. Federal cost share would be \$2.8 million and the remainder, \$1.05 million, would come in the form of state aid.

Hennessy, who plans to hold a meeting next week with state legislators representing the bi-county area, reported that Cong. Melvin Price (D., East St. Louis) views with favor the chances of federal funds being made available.

Students Observe Madison Council, Oath Ceremony

Thirteen members of a Madison high school government club attended the Madison city council meeting Tuesday to observe their city officials in action. Most of the department heads attended to meet the students.

On April 30, following a school election, a junior group of "city council" will take over the city government. Each department head will host a student counterpart all day, then, following the regular council meeting, the students will take up the same issues and come up with their own solutions.

Mayor Stephen Macrae took time during the council meeting to explain in detail various facets of city government. After the meeting, he explained how a person qualifies to be placed on the ballot as a candidate.

Anti-Labors Shows
A four-week pet inoculation program was announced. The mayor said the city again will take part in a joint program with Venice.

The cities will subsidize rabies inoculation fee to the amount of 50 cents on the total \$2.50 cost, so that the cost to the pet owner will be \$2.

Clinics will be held from 10 to 3:30 p.m. April 27 in Venice; May 4 in Madison; May 11 in Venice; and May 18 in Madison. Dr. H. Holt, DVM, will conduct the clinics.

\$3000 For CD Radios
Third Ward Alderman Richard and George, chairman of the purchasing committee, presented prices on new portable CD-1 defense radio equipment. A plan for \$3000 in equipment was approved. No competitive bids were received.

The Industrial Radio Corp., Chicago, is to provide a remote control radio installation at the CD headquarters in the Madison recreation center basement, and five mobile receiving and transmitting radio units.

The steel firm, he said, is faced with declining profits as are other steel producers' and must maintain production to make possible further heavy expenditures on new and improved plant facilities.

"This is necessary," he added, "if we are to remain competitive with many other steel companies in the area."

Dog Owners Warned

Humane Officer Scott Grayell Tuesday reminded dog owners that dogs recently had rejected by the city may not be allowed to run at large. The owner of any such animal will be prosecuted, he said, and the animal will be impounded. Last year there were 181 dog bites in Granite City, he said.

GC Steel Boosts Prices \$4 To \$7 Ton On 5 Items

Granite City Steel Co. yesterday joined other steel companies across the nation in announcing price increases on some of its flat rolled steel products. The increases, effective last midnight, ranged from \$5 to \$7 a ton.

James L. Hamilton Jr., executive vice-president and general manager of sales, said the price boosts would apply to hot rolled sheets, cold rolled sheets, galvanized flat and formed sheets and culvert sheets.

The demand for these flat rolled steel products has been building up strongly, he said.

1st Boost Since 1958
Hamilton pointed out the last increase in Granite City Steel prices was made almost five years ago—Aug. 1, 1958.

He said the new increases will compensate for only a part of the cost increases since that time, including five jumps in employment costs.

The steel firm, he said, is faced with declining profits as are other steel producers' and must maintain production to make possible further heavy expenditures on new and improved plant facilities.

"This is necessary," he added, "if we are to remain competitive with many other steel companies in the area."

Each department head will host a student counterpart all day, then, following the regular council meeting, the students will take up the same issues and come up with their own solutions.

Tudoroff left the head table at the beginning of the banquet to direct the Coolidge Junior High School ensemble in the playing of the U. S. and Mexican National Anthems. Flags of the two nations were in standards at the head table. After playing, members of the ensemble joined the audience and sat at a special table.

Gold and pastel colors were featured in the decorations in the Granite City high school cafeteria, prepared by Tudoroff, close friend, Eugene Alasti, art director for the school system. Large cutouts of Mexicans were featured in wallpapers.

In giving the address of welcome, Granite City Mayor Davis said he was speaking not only for Mayor Macrae of Madison and Dr. Lee of Venice but also for the mayor of the new village of Pontoon Beach, Thomas Statoroff.

The Associated Retailers Civic achievement award certificates were presented by Wensel Brown and Randall Robertson. Brown recalled he had Tudoroff as a student in high school.

350 Pay Tribute To '62 Winners—'Uncle Jimmy' Stuart, R. D. Tudoroff

Service to the youth of the community and the advancement of international relations between the U.S. and Mexico were stressed by guest speakers honoring last night's recipients of the 14th annual Civic Achievement Award of the Associated Retailers & Civic Association.

Nearly 350 persons gathered at the Granite City high school cafeteria to pay tribute to James Stuart, "dad" of the Granite City Chapter Order of DeMolays for 30 years, and Robert D. Tudoroff, director of Coolidge Junior High School, internationally known, Latin American youth ensemble.

Guest speakers were Harry W. Bundy, past grand master of the International Council, Order of DeMolays, and Cecil Varola Ainslie, secretary of cultural affairs, Department of Education, Mexico City, Mexico.

Mr. Ainslie, who worked closely with Tudoroff and the ensemble during its 19-day trip to Mexico last year, said it was a government in the very near future would present a citation to the director and ensemble.

The citation from the Ministry of Education, he said, would honor Tudoroff and his ensemble for their part in the advancement of art and culture in the United States and Mexico.

He recalled that the band's first performance in Mexico last year was in a factory.

"You might wonder why we opened in a factory instead of a public performance," he said, "it was a part of our program to raise the cultural standards of the workers and improve their lives."

Mr. Ainslie, who spoke in English with a slight accent, told of the tremendous enthusiasm expressed by Mexicans in hearing the interpretations of contemporary Latin American music by the youngsters.

Enthusiasm... Inspiration
"We noted Mr. Tudoroff's enthusiasm and ability and how he inspired the youngsters. The ensemble laid a foundation for stronger relations between the United States and Mexico and we recognize their outstanding abilities."

Cultural affairs secretary closed his remarks by saying, "I'm looking forward to greater contact with this charming group of teenagers in my country."

Members of the Latin American Ensemble were present for the banquet, and at its opening played the Mexican National Anthem, directed by Tudoroff.

Also present were the directors of DeMolays and former DeMolays, all of whom had been under the guidance of "Uncle Jimmy" Stuart.

Mrs. Bundy, a past grand master of the International Supreme Council, in the order of DeMolays, reviewed briefly the origin of the DeMolay order in St. Louis about 1903.

'Prime Mover Of DeMolay'
He added that Stuart had a role in its growth to the present.

Tie Vote On Fluoridation: Engineer Contract Pending

Fluoridation might be one of the initial major issues of the new council which will hold its first session May 6.

The revival of fluoridation was presented to the council by Alderman Frank Vesel, who also made a motion for the city to "reconsider" previously adopted "award of a contract" to Chester Engineers.

Objections Raised
There were objections to both motions.

Alderman Walter Nomm proclaimed Vesel's motion to prepare an ordinance authorizing fluoridation was "reconsidered" before it could be brought to a vote and that takes a two-thirds vote.

Vesel made the motion to reconsider.

However, Alderman Mrs. Gabrielle Betine questioned the need to rescind. "He's changing his vote so we can do it without the two-thirds action," she said.

Alderman Samuel Whitmer added he had called for a second vote on the issue about a year ago and there was no need to rescind the council's earlier action of rejecting fluoridation.

Slushik was present for about half the meeting and then left for work.

With the tie vote, Mrs. Betine called upon Mayor Davis for his vote.

Davis declined, saying he would express his opinion at a later date. He previously had rejected against fluoridation. He explained Monday night that he had recently had rejected fluoridation and there was no hurry at present.

What People Want
In presenting his motion to rescind action on the \$25,000 added for contract with Chester Engineers, Vesel pointed out the April 2 election indicated that people wanted the council to reconsider its earlier decisions.

Mrs. Betine objected to the word "rescind." She stressed the contract while receiving at last two or three favorable majority votes has never been approved officially.

"The word should be 'repeal' because the council is pointing out there was no official action to be rescinded. Joining the dissenting majority would mean the council might become involved in legal proceedings if it voted to 'rescind'."

TRIBUTES TO CIVIC AWARD RECIPIENTS were given last night by Harry W. scind previous action." He added, "We never really approved the contract."

Attempting to clarify Vesel's motion, Mayor Davis said, "The action of the council must be rescinded. What this means is we want to start over."

Several other aldermen expressed concern over possible legal entanglements. Vesel suggested the word "rescind" be substituted for "rescind."

Recess For Study

The motion to rescind received an eight-to-five favorable vote but debate did not stop there with aldermen calling for legal opinions on the action. A 10-minute recess was called to permit City Atty. George Filcott Jr. to consider the wording.

He spent the recess in the city court law library and conferring with former city attorney William Beatty, who was in the audience.

Following the recess, he asked for a week to go over the records of the January and February meetings and submit a recommendation. "We might have to amend the minutes of the meetings when the votes were taken," he said.

Trend For "New Faces"

In presenting his selection of Rich to replace retiring City Treasurer Frank Sappington, Mayor Davis said he had considered six persons and decided on Rich because of the votes Rich received when running against him for mayor and the trend of the April 2 election in calling for "new faces."

Partney asked that the appointment of a treasurer be delayed until new council members take office.

However, Mayor Davis proceeded to read a letter of commendation for Sappington and

"This outstanding record of accomplishments while serving as treasurer and township tax collector," He explained that Rich has been working with Sappington to become acquainted with the operations of the office.

Partney requested deferral. Mrs. Betinee also called for deferral.

However, Mayor Davis declined to recognize the requests. He said if the appointment was voted down for the two-year period he would exercise his authority through 30-day appointments.

In the confirmation roll call, Aldermen Partney, Mrs. Betinee and Rutledge voted "no."

The mayor's appointment of Clarence Walter, 2056a Cleveland blvd., to the board of engineers, was approved. Walter replaces Floyd Earls, who resigned upon moving from the city.

Bids for materials for arterial street maintenance this year, including 5500 gallons of road oil, 215 tons of seal coat, 330 tons of crushed rock, 550 tons of bituminous patching material, 23 1/2 tons of packaged asphalt and 310 tons of salt were not read when Aldermen Partney and Rutledge called for deferral until the first meeting in May.

The proposals were from Midwest Blacktop roads, Columbia Quarry, McClair Asphalt, Witco Chemical Co. and the Diamond, Guther, Cargill and International salt companies.

Mrs. Giese Undergoes Surgery

Mrs. Marge Giese, 2421a Benton street, is recovering at St. Elizabeth Hospital from surgery which she underwent Wednesday. She is employed at Schermer Bros. Market.

Pfeifer Enters Hospital

Jack Pfeifer, owner of barber shops in Granite City and Mitchell, entered DePaul Hospital, St. Louis, this week to undergo treatment for a shoulder ailment. He resides along Peters Station road.

Mrs. Mary Kator, 74, Succumbs In Hospital

Mrs. Mary Kator, 74, of 3313 Franklin avenue, Granite City, died at 2:20 a.m. Tuesday at an Alton hospital. She had a heart ailment and was in the hospital about one year.

Born in Hungary, she lived in Granite City 37 years. Her husband, John Kator, died in 1955. She is survived by five daughters, Mrs. Mary Bangham, St. Louis, Mrs. Rose Fancher, Birmingham, Ala., Mrs. Teresa Grzeslowski, St. Louis, Mrs. Ann Hogan, Granite City, and Mrs. Kathryn Garger, St. Louis, six grandchildren and three great-grandchildren.

Landolt Claims County Board Chairmanship

Harold Landolt, Alhambra township supervisor, said, this week that he is definitely assured of being elected chairman of the Madison county board of supervisors on the first ballot at the board's reorganization meeting on Wednesday.

Nameoki township Supervisor Harry Briggs remained confident that the job would go to a member from the Quad-Cities. He also is a candidate for the chairmanship.

Stephen Kennedy, Alton township supervisor and a candidate himself, also disputed Landolt's claims, saying that the situation is "in a state of flux."

Local News Meet

Democratic leaders of Granite City and Venice townships considered endorsing a candidate at a meeting Monday night in the Madison firemen's hall but did not reach a decision.

They discussed possible endorsements of Briggs and Calvin Peniston, assistant supervisor from Granite City township, and of Arthur "Cooper" Moore, Venice township supervisor, who remains available for the post.

Another meeting may be held during the weekend.

Walter "Buck" Simmons, head of the county Democratic committee, said "we don't want a rural member of the board as chairman." He noted that Landolt received only 133 votes in being elected in his non-populous township, and said he directly represents too few persons to warrant the chairmanship.

Simmons also said he preferred a Democrat for the post who represents an industrial, urban area. "It makes no difference if he comes from Wood River, Alton, Granite City, Venice or Collinsville townships."

Supervisors who attended a non-partisan meeting last week at Granite City, Landolt said, in addition he said he has received pledges from eight more members of the board.

None of the members of the board from the Quad-Cities was invited to the informal session at Granite City.

In a statement, Landolt said "a growing majority of the members of the board of supervisors has assured me of their support for chairman, and I am confident that I will be elected on the first ballot on April 24."

"Democrats and Republicans alike, who desire to retain the non-partisan administration of the county board, have pledged themselves to vote for me. They represent practically all of the townships of Madison county."

"Joining the majority group of my supporters are members of the board who previously had given commitments to other men who earlier had been considered candidates for the chairmanship, but who now are no longer regarded as candidates through their own decision."

"Among my supporters are men who had been suggested as candidates but who have definitely decided to support me instead."

The chairmanship came up for grabs when Gus Haller, who was the chairman for the past 30 years, was defeated for reelection as assistant supervisor of Wood River township in the April 2 election.

The dramatics students will leave Washington at 6 p.m. Tuesday, arriving at a New York hotel four hours later.

103 Hear Program On Handling Telephones

The "good telephone usage" clinic, co-sponsored by the Tri-Cities Chamber of Commerce and Southwestern Bell Telephone Co., yesterday afternoon at the YMCA was attended by 103 persons representing 44 firms.

The group was welcomed by C. C. President Chester Baker and Telephone Co. Office Manager Paul Stout, who introduced Miss Jacqueline Murphy, customer service advisor.

Her talk on the symbol "apology" was based on answering promptly, handling of the phone, giving proper identification, listening and taking notes and termination of a conversation.

She also showed a film, "A Manner of Speaking," and distributed booklets. Copies of the booklets giving telephone hints are available at the C. C. and telephone offices.

GC Vote Recounts Set For Saturday And For April 27

Vote recounts will be continued on the next two Saturdays in Granite City. Petitions were received during Monday night's council session from Curtis Blew, who lost to Alderman Walter Nann by 142 votes in the Fifth Ward, and by Alderman Rufus LeMaster, who lost to Clyde Boyd by 47 votes in the Third Ward.

Results of the Seventh Ward recount of last Saturday were announced by Paul Ruediger, who said G. H. Sternberg's earlier 10-vote victory had been pared to two votes. The recount had been requested by R. E. Robertson.

It was learned Robertson might further challenge the seating of Sternberg with quo warranto proceedings.

Protest Special Session
The recount action, taken at the April 8 special canvass session of the council, brought protests from Alderwoman Mrs. Gabrielle Betinec. She pointed out the action was inappropriate in that it wasn't listed on the call for the special meeting.

"I had a previous engagement and didn't attend the special session because I thought action would be limited to the vote canvass. I think the canvassing is a farce, so I didn't attend. I would have if I had known this other action would be taken."

"Possible" "Secret" Sessions
The alderwoman cautioned the

council on special sessions, saying they could be called on the pretext of a certain action, excluding some aldermen, and then go into other "secret" business.

The recount of the Third Ward is to be made at 9 a.m. on Saturday with Alderman Ford Johnson, Samuel Shackelford and Mrs. Betinec named by Mayor Davis to count the ballots.

The Fifth Ward recount was set for April 27 since Alderman Nann said he would be out-of-town this weekend. The mayor will name a council committee to recount the ballots.

membership of three million boys. "He was one of the prime and most persistent major promoters of the DeMolay in the 1930's," Mr. Bundy said.

Stuart's progress through the Masonic orders was traced by the speaker, who said it was during the height of the depression that Stuart stepped in to work with the youth of the community and in turn the principles of DeMolay.

He recalled the hardships and pointed out, "Dad Stuart had the faith in the organization and aided materially in creating the fraternal affection."

Mr. Bundy also praised Mrs. Stuart, pointing out that she worked with her husband and had founded a DeMolay's Mothers' Club. He pointed out that in pulling together the local DeMolay chapter, also had aided in the forming of other chapters throughout southern Illinois.

The international role of DeMolay also was pointed out. Mr. Bundy, who said the awards banquet indicated the ways of language cup by the fourteen countries through DeMolay and its principles and music.

"You folks," he told the audience, "have a great heritage. On several occasions you have been unable to select just one person who rises above the high level of the community, but select two to receive the achievement award."

GC Boy, 7, Takes Stroll—To St. Louis

An adventurous seven-year-old boy, a second grader at Webster school who was on a day-off Monday, took a stroll from his home in East Granite and ended up a guest of police officers at the Penrose station in St. Louis.

The youth, Herbert Grammer, son of Mr. and Mrs. Herbert Grammer, 2509 Lincoln avenue, by Bridge tollkeeper when he arrived at the police station. He was drinking soda and munching candy, according to the St. Louis juvenile officer.

It is believed the boy walked to Venice, a distance of several miles. He was halfway across the bridge when noticed by an off-duty bridge employee.

Fearing the youngster might be struck by a passing auto, the bridge worker took him to the police station.

He gave the officers his name and address, and Granite City police were notified. They called his parents to go after him.

The boy's mother said he had been told to stay in the yard and had not disappeared. He returned somewhat frightened, but none the worse for the experience, she said. His parents believe he might have been given a ride part of the way.

is 45, Buske 44, Fricker 37, Stidham 36, and Dillard 27. Only Spengler and Warden are in their second year, and Spengler has the longest board service—four years. Buske and Stidham represent the rural area.

The new president, Fricker, resides at 3213 Aubrey avenue. Formerly assistant manager of the Paul Seebold Concrete Co., he has been serving as district manager of the National Insurance Service Co. and currently is planning to return to the construction field. He has a wife, Shirley, a daughter Vicki Lynn, 16, and son, David, 13.

Selection of Officers
Remarking that he was not a candidate, Spengler began the opening of the new chapter, but returned to a vacant chair, by moving to the head of the table upon being named secretary chairman on a motion by Linder.

Stidham nominated Fricker, Linder seconding the nomination. Dillard proposed Warden, with Spengler adding a second. The seconds were elected when it was ruled that they were unnecessary. Nominations were closed on a motion by Stidham and second by Warden.

A motion for voting was made by Stidham, and School Attorney Maurice Dailey ruled that the verbal procedure was proper without a motion. The voting a year ago was \$240.

Following the \$240 vote, favoring Fricker over Warden, it was decided unanimously—on Warden's motion and Stidham's second—to leave the yearly board secretary pay at \$240.

Buske nominated Stidham as secretary with a second by Linder. Nominations were closed on a motion by Spengler and second by Stidham, and the 60-vote was recorded.

It was decided to continue the meeting at 7:30 p.m. on the second and fourth Tuesdays at the school district office, 2014 State street.

Topsoil Ordered For Prather Football Field

Topsoil for the Prather Junior high school football field was purchased Tuesday night by the A. J. Schell Excavating Co., 3 purchased a yard, on its \$384 bid for 350 cubic yards. Paul Seebold bid \$700.

The soil will be brought to the field by the contractor and will be spread by the school district. It is hoped to have grass growing in time for the fall football season.

The school board continued its discussion of the Prather baseball field Tuesday night. It is believed that fertilizing and seeding of the field will produce grass before the baseball season next spring.

It was announced that a letter is being sent to a non-tenure teacher denying his request for a hearing before the board. His employment is being discontinued after the current term.

2 In Jail Riot Found Guilty, 2 Are Acquitted

Two of four inmates of the Madison county jail who were involved in a riot at the jail recently were convicted of criminal damage to property yesterday evening by a circuit court jury at Edwardsville.

They are Kenneth Eugene Boelling, 24, of 2917 Roosevelt street, and Robert J. Bordon, 21, of Collinsville. Acquitted of the charge were Jack Reed McLean, 23, of 2636 Center street, and James Edward Jackson, 18, of 20th street and Washington ave-nue.

Sentencing to be passed by Judge Joseph J. Barr, is pending. The trial started with selection of a jury on Monday. It went to the jury at noon yesterday, and a verdict was returned at 6 p.m.

Charges of arson in connection with the riot are pending against Boelling, McLean and Bordon. Jackson is to appear on an armed robbery charge in the criminal court setting beginning Monday. McLean and Boelling also are on the dock on charges of burg-lary and theft.

Legislature Proposes Auto Purchase Changes

(Special from Springfield)
Amendments of the State Use Tax to make it easier on pur-chasers of autos to obtain cer-tificates of titles was offered in the Senate of the General As-sembly this week. The bill would permit notaries instead of banks to certify trade-ins in auto trans-actions.

The proposal was referred to the House Senate committee on Highways and Traffic Regulation which is headed by Sen. Samuel L. Martin (R-Watseka).

A bill to provide for franchise agreements for the sale of motor vehicles and farm machinery and of repair parts also was sub-mitted. It would require distributors to pay retailers 100% of net cost plus transportation charges on the date of the cancellation or discontinuance of a franchise agreement.

Other new legislation this week included:

An amendment to the airport act to provide that after the first issuance of tax-secured bonds by an authority no fur-ther notice need be published or posted in connection with en-largement or extension of such public bonds.

An amendment to the Illinois Pension Code in relation to dis-ability of retirement pensions for teachers; an appropriation of \$3000 and for the governor to participate in a conference of governors of midwestern states; and a county airport tax key from one to two mills.

\$162,935 Taxes Claimed By IRS Against Epping

Edward A. Epping, who was administrative assistant to for-mer State Auditor, Orville E. Hodge, owes the government \$162,935 in additional income tax and penalties for the years 1953-57, according to the Internal Revenue Service.

Epping's former partner, Fred M. Mersinger of the accounting firm of F. M. Mersinger & Co., East St. Louis, owes \$89,839 for the same period, the IRS maintains. The amounts include 50% penalties.

The two have filed appeals from the claims in the United States Tax Court in Washington, denying underpaying their taxes and claiming expiration on the statute of limitations.

The IRS maintained that all or part of the underpayment is due to fraud, and so is subject to the 50 per cent penalty.

It would not allow salary pay-ments which the accounting firm says, to paid to 13 persons. The payments were not legitimate expenses, the government main-tains, as the 13 did not render any service to the firm. As a result, the disallowed claims in-creased the profits of the firm.

Two of the recipients named by the IRS are Glyn Hodge, Granite City real estate and in-surance agent, and the late Floyd T. Henley of Granite City. Hodge declined to comment, re-marking only that he knew nothing of the case. The others, iden-tified only by name, are James F. Erickson, Robert E. Murphy, Michael S. Koval, Thelma Cas-per, John Saper, Virgil Thilker, John Allen, Arlonne Evans, Le-royn Gibson, Irene Gibbs and Ray Williams.

Shooting Case
Expected to go to the jury to-day are charges of aggravated bat-tery against Eldon E. Keel, 28, and Carl William Hoffman, 26, both of Granite City. They are charged with the shooting of Pfc Robert C. Jones of the Granite City Army Depot last Sept. 22 when the soldier at-tempted to quell a disturbance in Sheery's Lounge, Madison ave-nue and 16th street. The trial started Monday with selection of a jury.

A law with its teeth out has little chance of working if the law has its hand out, too.

WILL-POWER

A man's character is deter-mined by many factors, the main one being what he says no to.

For the year 1956, the govern-ment claims Epping and his wife owe \$63,496 in additional in-come tax and penalties. The rest, or \$29,339, is for the years 1953-55.

The revenue service also charged that Epping received ad-ditional income in bonuses, in-terest and other sources, and de-duced them by the accounting firm for capital losses, travel, en-tertainment and other business expenses were disallowed.

One deduction totaled \$28,323, which the revenue service said pertained to audits of entities of the state of Illinois. It held that such items were not substan-tiated as ordinary and reasonable business expenses, or are con-trary to public policy. Because of the denial, the claimed deduc-tions were added.

The IRS filed its claims after Epping was released from Menard State Penitentiary last November on parole. He was serving four one-to-10 year sen-tences in connection with the Hodge thefts from the state. He lives in Lebanon. Mersinger lives in Bellevue.

Metropex Assembly Series Begins At Y

While the turnout was smaller than anticipated, those who attended the first session of Metropex Assembly at the YMCA viewing post Monday night praised it highly.

Dr. Raymond Troper of Granite City, assistant professor of psychology at SWITL, led the local group. Only 13 attended.

The program concerned adolescent development in preparation for marriage. A panel of experts presented problems on television Channel 9. During a one-hour break, local groups manning viewing posts throughout the greater St. Louis area discussed the problem and formulated questions which were telephoned to the studio. The experts then answered questions and presented solutions to problems.

The Granite City group presented three questions, one of which was answered on television.

Invitations were sent to all church groups and other organizations interested in youth work. The local post is being sponsored by the United Fund.

There will be four programs in the series. The first three will be telecast on the fourth week and a public forum. They will begin at 8 p.m. for the next three Mondays.

City Business — Street Paint To Sidewalk Art Exhibit

The wide variety of business conducted Monday night by Granite City council ranged from repaving 275 gallons of white pavement marking paint to the state to giving permission for a sidewalk art exhibit and a plaque dedication.

Safety precautions at school crossings also was discussed, along with a proposal to give sick leave to firemen, and approval was given to pay the \$2984 April 2 election cost for judges and polling places.

The 275 gallons of paint, which the state used to mark traffic lanes on Madison avenue, is to be replaced by the city and delivered to the state highway department garage at French Village.

Permission for the art exhibit in the 1800 block of Delmar avenue was granted to Richard Neumann of the Neumann Art Studio for May 10 and 11. He is to pay the city for the two days costs of four parking meters and is to provide liability insurance.

Plaque Dedication
The plaque dedication at the city hall lawn will be by the Quad-Cities Business & Professional Women's Club and will honor deceased members of the club. It is to be set in a stone at a tree planted on the lawn by the club in September 1931. The request was submitted by Miss Etta M. Christian for 12:30 p.m. on April 28.

School crossing safety was discussed briefly by Mayor Davis upon receipt of a letter from the Granite City Area PTA Council submitting a committee of PTA members to work with the city in conducting a survey.

Mayor Davis pointed out Police Lt. Paul Moore has been working with the Area Council and the Quad-City Safety Council, but selection of committees would be made at a later date. The city has made changes in compliance with new state regulations at several school crossings, but a system of permanent type protection is being studied. "I'll submit recommendations for

committee appointments at a later date," the mayor said. Alderman Ford Johnson proposed an ordinance be prepared to grant sick leave for city firemen. It was decided to delay the matter until contract negotiations. Alderman Walter Nott advised Johnson to be cautious about including the matter in an ordinance.

Parking Lot, Driveways
Pending approval by the Street committee, the council authorized two driveways on 18th street between Edison avenue and state street for the new, lighted, fenced and paved off-street parking lot proposed by the Downtown Granite Shopping Center.

The request was submitted by C. H. Stenberg & Co., which will do the work. Several driveways on Edison avenue are to be closed.

Referred to the mayor and city attorney were communications from the Illinois Municipal League on minimum pay for police and firemen. It was noted that the league will be held at Springfield at 3:30 p.m. today.

Alderman Mrs. Gabrielle Bevine called for the appointment of the council legislative committee to look into such matters.

Approval was taken by the mayor. It was her fourth such request, and she emphasized that Granite Cityans over 65 would be interested in learning of pending legislation on tax relief for them.

Approved were bonds for 26 guards at Granite City Steel Co.

Salem Named To 12th Term As Board President

Lester Salem was named to his 12th consecutive year as president of the Venice board of education at a special meeting Monday night.

Eugene Elgan was elected secretary for the year to succeed Leo Davinroy. The position is rotated among members each year. The salary of \$125 a month will remain in effect.

The board also retained John O. Pier as superintendent of schools and Harry Hartman as attorney for the district for one-year terms.

The next fiscal year was set for July 1, 1963, to June 30, 1964. The board commended Salem and Davinroy for their services during the past year.

A canvass of Saturday's school election showed that Harold Seibert received 340 votes and Michael Leatherman Jr. 331 for reelection to three-year terms. They were unopposed. A total of 356 ballots was cast.

Financial Problems
Salem noted that the board is faced with "some very serious problems," during a lengthy discussion dealing mostly with the district's financial situation.

A referendum to raise the district's educational fund tax rate above the present limit of \$1.25 may be required in the next year or two, he said. The current rate is \$1.24.

"We will either have to curtail some of the operations of this plant or go to the people with a referendum," he said.

"We have one of the lowest educational tax rates in the county, if not the lowest," he said. "If we are going to keep pace with supplies, salaries paid—that is the problem this board is to be faced with in the next two years."

Salem said the valuation of the Venice district "certainly is not going to get any higher." He noted that the highest taxpayers are Union Electric Co., railroads and Laclede Steel Co.

Need Equipment
"We should think about putting in some new equipment and supplies that are badly needed. We need to revitalize our high school programs to offer more subjects."

"The bulk of the faculty will return next year, meaning an increase in costs because of salary increases."

Salem, who recommended that a start be made in forming the next annual budget, said, "I think the board will be operating in the red at the end of this fiscal year." He later said, however, that the district would not have to issue tax anticipation warrants and pay interest on the loans.

Levy Contrast
He noted that the annual levy now is more than \$650,000. "I can remember in the 1920s when it was \$20,000. There will have to be some changes made for us to keep up with modern procedures."

Board Member Thomas Foley agreed that the assessed valuation could only go down, and suggested that the rate may have to be kept up in the next 10 years.

Tax Settlements
Hartman announced that two or three railroads are about to settle tax objection cases, though the GM&O railroad has shown no inclination to discuss a settlement, he added. If tax funds being withheld are received before the end of the fiscal year, the district "may be able to avoid a referendum until next year."

It also was noted that if proposed state legislation is passed to increase the education fund limit from \$1.25 to \$1.50, a referendum would not be necessary.

The board authorized replacement of 17 evergreens at the Venice school and four at Lincoln high school. Board Member Roy Musick offered to plant them with the aid of two custodians. Pier reported that loose ceiling in the Venice band room was re-installed on Monday.

Alderman Objects To 'Spot Zoning' Proposal In GC

Objection to "spot zoning" of a lot in the 2700 block of Madison avenue was raised during Monday night's council session by Alderman Samuel Whitmer. However, the council voted for preparation of an ordinance to change the lot, located on the east side near 28th street, to be redesignated C-1 commercial from the present residential classification.

The request for the change, sought by Louis Pashoff and Charles Thurber, who plan to construct an office building was turned down several months ago by the City Plan Commission.

It was resubmitted to the council and was laid aside to permit aldermen of the Seventh Ward to determine if there were any objections from nearby residents.

Other Businessmen In Block Alderman Frank Vesce, chairman of the City Planning committee, said he had conferred with Alderwoman Mrs. Gabrielle Betine and learned there were no objections, especially since there are other commercial establishments in the block.

He called for an amendment to the zoning ordinance and the motion was seconded by Mrs. Betine.

The motion was criticized by Alderman Whitmer, who termed it "spot zoning" and in conflict with the recommendation of the City Plan Commission that had denied the request.

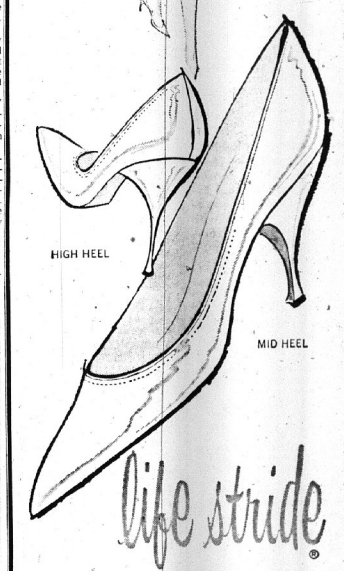

"They're your appointees," Whitmer told the mayor in referring to the plan commission members. "You should go along with their recommendation."

The vote on the motion to prepare the amendment to the zoning ordinance was approved 11-to-two with Aldermen Paul Rutledge and Whitmer dissenting. Alderman Charles Meyer of the Seventh Ward was the only councilman absent.
